Management Information

The team will be divided into pairs, a group of 2 and a group of 3. They will each have a Scrum master and product owner. Collaboration will mostly be through Microsoft Teams video calls. We'll have weekly team meetings alongside the mentoring session which will also be the standup. The status of the project and each of the pairs will be presented.

Meeting Frequency

- Standup: Wednesday 12pm-2pm
- Other meetings as necessary

Project Management Tools

Communication:
- Messenger
- Microsoft Teams

Coordination and Gathering Information:
- Google Docs
